

NOTICE

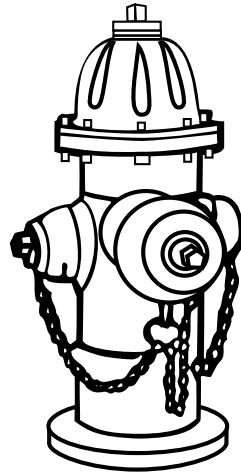

KEYPORT RESIDENTS

The Keyport Water Department will commence **HYDRANT FLUSHING** of the water distribution system on Monday, May 20, 2019 between the hours of 9:00 PM and 2:00 AM. The work is scheduled to be completed by Friday, May 31, 2019. Regular flushing is required by the State of New Jersey and is performed in order to improve the aesthetic quality of the water by removing any accumulated non-harmful sediment in the water mains.

The quality of water will not be affected, although some temporary discoloration or reduction in pressure may occur briefly in the area being flushed. Residents are advised to **CHECK THE WATER** before washing clothing.

Thank you for your cooperation.

Scott Hicks, Superintendent
Keyport Public Works
Department
