**Re: Final Utility Notification
Improvements to Butler and East Third Street
Borough of Keyport, Monmouth County, NJ
Our File: HKP00612.01**

Gentlemen:

As discussed at the preconstruction meeting for this project held on January 19, 2023, work on the above-mentioned improvements is anticipated to begin the week of April 3, 2023.

Work generally includes storm sewer upgrades, water main replacement, and sewer main repairs, as well as concrete work and road paving on the following streets:

- Butler Street (from Main Street to Broad Street)
- East Third Street (from Waverly Street to 1 East Third Street)

Please be advised that the Borough will not allow pavement openings for the next five (5) years after these roadways have been paved, therefore it is imperative that any utility work, including new underground services, invasive testing, or main replacements, is addressed immediately. Test pits are currently being scheduled to determine utility clearances. Our office will be in contact with the respective utilities should any relocations be necessary.

Utility Notification
