Welcome to the Borough of Keyport

Keyport is situated on the Raritan Bay, along the Eastern Coast of New Jersey. It is approximately 25 miles southwest of New York City.

Keyport is known for its picturesque waterfront along the Raritan Bay. This area offers scenic views and recreational opportunities.

Keyport is accessible by several major roadways, including Route 35 and Route 36. The Garden State Parkway is also nearby, providing easy access to other parts of New Jersey.

Keyport offers various attractions, including parks, marinas, and waterfront activities.

Nicknamed "The Pearl of the Bayshore," Keyport has a land area of 1.40 square miles. Established as a Borough in 1908, Keyport's geographic location along the Raritan Bay has fostered numerous harbor facilities and a strong charter boat industry. The sheltered coast of Keyport allowed for the establishment of a thriving oyster industry which lasted until the mid-20th century.

The Borough will post the most updated information at www.keyportonline.com and on our Facebook page, Borough of Keyport.

Please contact Keyport Borough Hall with any questions or concerns.

Please report all suspicious activity or concerns to the Keyport Police Department immediately.

Recycling is not only significant because it keeps millions of tons of materials out of landfills and other disposal facilities, but also because it conserves natural resources, saves energy, and reduces emissions of water and air pollutants, including greenhouse gas emissions.

Recycling is also an easy and important way for people to express their commitment to the environment.

KEYPORT BOROUGH COMMUNITY CALENDAR

This annual calendar is full of information to help residents attend public meetings and events, know regulations, and to be able to contact local officials. The calendar also replaces the annual recycling and solid waste flyer. The information contained within the calendar will identify collection schedules for recycling, leaves and bulk pick-ups. Another plus to the calendar, is our ability to highlight various departments. Each month will feature a part of the Borough's operation from the Clerk's Office to the Police to Public works.

The Mayor and Council work hard to provide clear communications to the public. This calendar is one more step in that direction. During the year residents may also reach out to the Borough web page www.keyportonline.com, and Borough Facebook page.

Residents may sign up for e-mail alerts at keyportonline.com.

The primary goal of this calendar is to keep residents informed as to the dates the borough will provide services such as recycling, brush pick up, leaf pick up, and bulk pick up. In addition, it reminds everyone as to tax collection, dog licensing, and council meeting dates.

Keyport Borough Recycles

In New Jersey, all residents and businesses are required to recycle by law.

What are the benefits of reducing waste & recycling?

Keyport Borough Recycles

In the state of New Jersey, both residents and businesses are legally obligated to participate in recycling initiatives. The purpose of these requirements is to promote a sustainable environment, reduce waste production, and generate revenue for local communities. By adhering to these rules and actively participating in recycling efforts, residents and businesses can contribute to the overall wellbeing of their community and the environment.

Waste disposal is an expense borne by local taxpayers or through trash collection fees. Each ton of general trash costs approximately \$75 for communities to dispose of at landfills or incinerators. By reducing waste generation or recycling materials, you effectively lower the waste disposal costs for your community while enabling them to profit from the sale of recyclable materials to recycling companies. The more actively a community participates in recycling, the more income it can generate from recycled materials' collection and, consequently, the more funds it will have available to allocate towards essential services such as local schools.

Recycling is crucial for conserving valuable resources and energy. By recycling and reusing existing materials, we reduce the need to extract new raw materials, thereby preserving our planet's finite natural resources. Furthermore, recycling processes typically consume less energy than producing items from new materials, leading to lower greenhouse gas emissions and reduced environmental impact.

To ensure that your recyclables are collected and appropriately processed, it is essential to familiarize yourself with the latest recycling guidelines in your area. These rules may specify which items can be recycled and how they should be prepared for collection. Contaminated or incorrectly sorted recyclables risk being rejected by designated disposal markets, leading to potential non-collection from curbside locations.

To avoid such issues, it is vital to separate non-recyclable materials from your recyclables and refrain from using plastic bags for curbside collection. By adhering to these guidelines and actively participating in recycling efforts, you can make a positive contribution to your community's environmental sustainability and financial wellbeing.

For the most accurate and up-to-date information regarding recycling rules and guidelines, we recommend referring to the Keyport Borough website or checking the annual calendar provided by the town. To ensure that your recyclables are collected and processed effectively, adhere to the following list of acceptable items for each category:

1. **Glass & Plastic:** These materials can be mixed together in your recycling bin. Acceptable items include aluminum cans, glass bottles, plastic bottles, steel cans, and tin cans. The number of cans allowed is unlimited, but size and weight restrictions apply.
2. **Paper:** This category includes newspapers, junk mail, office papers, books, magazines, cardboard, and boxes. These items should be mixed with other recyclables in your designated recycling container.
3. **Miscellaneous Items:** For construction and demolition materials, residents must remove these at their own expense. If using a dumpster for this purpose, a permit from Borough Hall is required. Other miscellaneous items include tires, household hazardous waste (such as chemicals, paint, and batteries), propane tanks, gas cans, and fire extinguishers. Information on disposal options can be found on the County website (www.visitmonmouth.com).
4. **Textiles:** Clothing and fabric items can be placed at the curb on your regular trash day for collection.

Please note that recyclables should not be placed in plastic bags, as they will not be picked up if contained in this manner. The recycling center is open on Saturdays from 9 AM to 12 PM (except for holidays). By adhering to these guidelines and actively participating in recycling efforts, you can contribute positively to your community's environmental sustainability and financial wellbeing.

Embrace a Cleaner Keyport with New Jersey Clean Communities!

The Borough of Keyport is committed to participating in the statewide litter-abatement program, NJ Clean Communities. This comprehensive initiative aims to eliminate trash from our streets, parks, rivers, and other public spaces, creating a cleaner and more enjoyable environment for all residents.

As part of this effort, we encourage everyone to adopt the "Trash-In, Trash-Out" policy. By following this simple principle, we can work together to maintain our beautiful parks and keep our community the "hidden gem" we all love. Let's take pride in our neighborhood and join forces with the New Jersey Clean Communities program to ensure a cleaner and more vibrant Keyport for everyone.

STOP STORMWATER POLLUTION

Stormwater Pollution hurts all residents. Pollution damages our drinking water and limits our enjoyment of water activities. Stormwater enters our lives through ground water and as run off.

Municipal storm sewers carry water away from roads and houses to nearby rivers and lakes. It is important that we keep pollution out of the system.

Eventually, all water returns to either the ocean or to the ground. Many public water systems utilize ground water for drinking. Allowing pollution into the water recharge system is harmful to nature and the public.

Everyone can help by taking the following actions:

- ⇒ **Limit the use of fertilizers**
- ⇒ **Recycle**
- ⇒ **Do not put pollutants in storm drains**
- ⇒ **Clean up pet waste**
- ⇒ **Don't litter**

Keyport Recreation Committee

Keyport Recreation Committee

The Keyport Recreation Committee is a dedicated group of volunteers who work tirelessly to create engaging leisure activities for residents throughout the year. Our goal is to offer a diverse range of cultural, environmental, social, physical, and educational programs that cater to people of all ages and backgrounds.

We aim to provide affordable access to these activities by setting fees at levels that accommodate various socio-economic groups. Scholarships are also available on a case-by-case basis.

The Recreation Committee consists of nine members appointed by the Mayor, each serving without compensation. They meet monthly at Borough Hall to discuss and plan events such as summer camps, movie nights in the park, and bus trips.

Our activities take place across four beautiful parks within Keyport. By engaging with the community through these events, we strive to create lasting memories and foster a sense of unity among our residents.

Senior Center

The Keyport Senior Center, located at 110 Second Street, is a warm and welcoming space where our senior citizens can gather, socialize, and enjoy a wide variety of programs and activities. At the Keyport Senior Center, “neighbors become friends, and friends become family — every day is a new chance to connect.”

We are open Monday through Friday, 8:30 AM to 4:00 PM.
Registration is free for Keyport residents and \$50 annually for non-residents.

- Our Center offers a full range of services and activities, including:
- Daily exercise classes to support strength, mobility, and overall wellness
 - Chair Yoga, Tai Chi, Senior Fitness, Hand Weights, Zumba, Gentle Fitness, Latin Groove
 - Card games and social game groups
 - Canasta, Poker, Chess
 - Engaging social events and recreational activities
 - Wellness programs and educational workshops
 - Art Classes, Ceramics, Chorus
 - Monthly group trips and special outings
 - A weekly on-site social worker, available to assist with resources, support, and guidance
 - Community outreach opportunities that promote healthy, active living

Stay informed by viewing our monthly newsletter, available online on the Borough of Keyport website under the Senior Center section.

Stop by and visit us! Walk-ins are always welcome — we'll gladly show you around and help guide you to our wonderful programs.

For more information or inquiries, please contact the Senior Center Supervisor at 732-264-4916 or email Keyportseniorcenter@keyportonline.com

Construction Department

Construction Official & Building Sub-Code Official

Phone: 732-739-5134

If you are planning an improvement to your property you must obtain the necessary building permits. Local ordinances must be adhered to before a permit can be processed through the Building Department. The Building Department uses state and national regulations as guidelines for actual construction/alteration work. All work must be Inspected to assure that it is performed according to code.

NJ State Uniform Construction Code 5:23-2.14 states: It shall be unlawful to construct, enlarge, repair, renovate, alter, reconstruct or demolish a structure, or change the use of a building or structure, or portion thereof, or to install or alter any equipment for which provision is made or the installation of which is regulated by this chapter, or to undertake a project involving lead abatement in accordance with NJCC 5:17, without first filing an application with the Construction Official, or the appropriate Sub-code Official where the construction involves only one Sub-code, in writing and obtaining the required permit therefore.

Please check with the Building Department to see if permits are required. Some projects require a combination of permits.

The following is a partial list of improvements for which permits are required:

Building permits are required for most improvement projects including additions, alterations, renovations, demolition, asbestos removal, tank removal, decks, sheds, fireplaces, wood/coal burning stoves and chimneys, signs, above ground and in-ground swimming pools, pool fences, cabanas and gazebos.

NOTE: A building permit will not be issued until **ALL ZONING** or other prior approvals have been obtained.

Fire Prevention Bureau

Fire Marshal Anthony P. Vecchio

Phone: 732-739-3900 EXT. 5269

Email: Firebureau@keyportonline.com

The Borough of Keyport Fire Prevention Bureau's primary task is preventing fires within the Borough of Keyport limits for the protection of its residents and visitors. The bureau is responsible for all fire inspections in commercial buildings and non owner occupied 1 & 2 family dwellings with the intent of eliminating safety hazards for the protection of life and property. The bureau is also responsible for all origin and cause investigations of fires that occur in the Borough.

Since 1922, the week including October 9th has been designated as Fire Prevention week and recently in 2000 was extended to include the entire month. Fire Prevention Month has its roots dating back to The Great Chicago Fire of 1871 that killed 250 people and left over 100,000 homeless while destroying over 17,000 structures. This fire prompted the beginnings of fire safety. During Fire Prevention Month Fire Prevention Agencies join forces to educate the public on fire safety practices. Every year the Borough of Keyport Fire Prevention Bureau in conjunction with the Keyport Fire Department presents Fire Prevention Day at Keyport Central School. Students are educated in the latest in fire safety.

SNOW REMINDER

In the event of snow, if you have off street parking vehicles must be removed from Borough street so the plows may clear them.

All residents are required to remove snow and ice from their sidewalks within 24 hours.

In the case of ice which may be so frozen to make removal impracticable it should be thoroughly covered with an ice melt. It is against Borough Ordinance to shovel or throw any snow or ice into the street.

Volunteers welcome!

Please consider joining the Keyport Fire Department, Keyport First Aid Squad, or CERT Team and be the first out there to help your neighbors.

The Borough of Keyport is proud to join forces with Monmouth County and other Monmouth County towns to become a “Stigma Free Community”. The goal of this initiative will be to reduce the stigmas associated with mental illness and substance use disorder. We are dedicated to raising awareness of the diseases of mental illness and substance use disorders to create a culture where residents feel supported by their community and neighbors and feel free to seek treatment for the diseases without fear of stigma. Keyport Borough will be putting together a local committee to help foster programs and awareness campaigns throughout our Borough.

**Keyport Borough is served by the Monmouth County Health Department.
They provide a number of Health and Environmental services, including:**

HOUSEHOLD HAZARDOUS WASTE FACILITY: The facility is a safe and efficient system for the management and disposal of hazardous materials. Residents can drop off chemicals such as cleaners, pesticides, oil based paints, motor oil and much more.

AIR AND NOISE CONTROL PROGRAMS: This program routinely conducts site visits at gas stations and dry cleaners to determine compliance with NJDEP regulations. It also responds to citizen complaints of indoor air quality, radon, and odors. They also enforce regulations for bus and truck idling.

ADULT IMMUNIZATION CLINIC: Adult immunizations are available and include vaccines such as influenza, tetanus, pertussis and more. For further information call 732-431-7456, Ext 8513.

LEAD BASE PAINT ABATEMENT: Dwellings are inspected by a licensed Lead Risk Assessor with specialized equipment for children with elevated blood levels.

IMMUNIZATION CLINICS: The childhood immunization clinic provides immunizations to children from birth to 18 years old who do not have Insurance or who are underinsured. For an appointment call 732-431-7456, Ext. 8516

PUBLIC HEALTH NUISANCE COMPLAINTS: They investigate resident complaints about noxious weeds, solid waste, insects, rodents, etc. Call 732-431-7456, option 2.

MOSQUITO CONTROL DIVISION: Provides courtesy inspections of properties for standing water and controls mosquito larvae in this habitat as needed. Conducts community-wide pesticide applications for flying adult mosquitos.

RABIES CONTROL: Member municipalities are provided with free rabies vaccination programs for dogs and cats. Specific dates and locations can be obtained by calling 732-431-7456.

FOOD SURVEILLANCE AND SANITATION: Food establishments must operate in accordance with Chapter 24 of the NJ Sanitary Code. Food establishments are inspected at least once per year. Enforcement action can be taken as necessary to insure compliance.

INFECTIOUS DISEASE CONTROL: Health professionals and community members working together to coordinate efforts to heighten public awareness about disease prevention.
