Note: Homes constructed after January 1, 1997 provided with AC powered and/or interconnected detectors shall be maintained in working order. On each level of the dwelling, including basements; and outside each separate sleeping area, within 10 feet. Ten-year sealed battery-powered single station smoke alarms shall be installed and shall be listed in accordance with ANSI/UL 217, incorporated herein by reference. However, A/C-powered single or multiple-station smoke alarms installed as part of the original construction or rehabilitation project shall not be replaced with battery-powered smoke alarms. The effective date of this subsection shall be January 1, 2019.

A Carbon Monoxide Alarm must be installed within 10 feet of all sleeping areas.

A minimum of a 5 lb. ABC Fire Extinguisher shall be installed in the kitchen and shall be installed in a visible and readily accessible location, free from being blocked. Fire extinguisher shall be mounted using brackets and hanger supplied by the manufacturer.
